Professional Summary

Curious front-end developer and multimedia creator with hands-on experience building responsive websites and short-form video content. Proficient in HTML, CSS and JavaScript, and growing backend fundamentals (Node.js, MongoDB). Strong leadership experience as Head Boy and co-founder of a 3-person web studio. Practical, creative, and reliable — I build clean, user-friendly web experiences and attention-grabbing social videos.

Education

10/2025 – 10/2028 ILORIN KWARA STATE	**Computer Science** Abdulrasaq Abubakar Toyin University (AATU) Computer Science (2025 Intake — Not Yet Resumed)
2019 – 2024	**Secondary School (Head Boy)** BTTR International School Relevant training: backend course (MongoDB, Node.js, APIs), video editing & animation workshops.
